

FOREST WARDEN

Hubert T. White, Forest Warden

In 2004 the Dalton Fire Department responded to seven brush fires. Most of these occurred during the spring open burning season when permitted fires got out of control. A reminder to citizens that open burning is allowed from January 15th to April 30th only after obtaining a permit at the Fire Station. The regulations are given out with each permit. Once you have obtained the permit, you must phone the fire station each day you plan to burn. Brush is the only material that is allowed. No demolition materials may be burned. Last year 245 permits were issued.

I wish to thank the citizens of Dalton for their cooperation.
